CNS-U 3000 Plus LCD (UK)

PRODUCT-NO.: 205873

High on heat, low on space.

Sometimes there's just not much room – even for a heater. That is why this wall mounted convector is very slimline. With a minimal depth, it nevertheless delivers outstanding thermal comfort.

Enjoy a wide range of benefits. The convector blends into its surroundings perfectly, efficiently delivering cosy warmth. The comfort functions of the integral controller, such as the weekly timer and open window detection, highlight the efficiency and high quality features of the appliance.

The main features

Permanent connection with FIL control core

Control unit with self-learning capability: automatic calculation of the preheat time in timer mode

Metal casing and slimline design

Even, quiet, air heating

Operating controls with illuminated LCD screen

ON/OFF switch and overheating protection

Wall mounted convector - ideal as a supplementary heater or interim heater in spring/autumn

Weekly timer, frost protection and open window detection
