# FEB 2.0

ACCESSORIES

This programming unit is combined with our central ventilation units and enables convenient control. They set the most important system parameters, such as the air flow rate that is supplied to the rooms. The matrix display with plain text facilitates operation considerably. It is so intuitive that you can operate it without the help of a qualified contractor.

The main features

Convenient operation of the system from the living space

Operating mode can be switched easily via the Touch-Wheel

Type	FEB 2.0
Part no.	205018

Technical data

Rated voltage	5 V
